THE TRIBUNE.

NEW-YORK, FRIDAY MORNING, JUNE 18.

For City Intelligence, an able article on the mkrupt Law, and other interesting matter, see First Page.

Tr Our friends in Albany are informed that, after much vexation and loss, we have at length secured an honest, sober, trusty Agent is that City—Mr. Witham Thomas, who may be found at 150 S. Market-st, or New England Hot-L. Wheever may leave his name with Mr. T. may rely on being laithfully and punctually served.

17 We still desire an Agent at each of the following places: Boston, Providence, Philadelphin, Troy, and Kingston. To competent men, such opportunities to establish a permanent and profitable business, at a very small cost or risk is rarely presented. Apply soon.

ANARCHY IN CONGRESS.—The Southern Mail of yesterday morning did not arrive in season for our last paper-not even for the Second Edition, which we are compelled to put to press at I o'clock, A. M. But what if it had? It would only have brought us the mortifying story of another day wasted in the Senate by Loco-Focoism in a desperate attempt to make party capital by stimulating a war-fever against England, and in the House by conduct the most factious that ever disgraced a representative assembly. The formal detail of the proceedings is given in another place; it is too sickening to require or even bear recapitulation; and we only allude to utterly unaccountable.
